

# myPTP – Personalised Travel Plan

A multi-functional tool that assists organisations to provide their employees personal, live commuting options in order of social distancing guidelines in under 60 seconds. Helping them plan for their return to work quickly and stress-free.

## Benefits to the workforce:

- Latest Covid-19 travel guidance accessible
- Commute options delivered in order of social distance guidance
- Journey specifics provided (Time, multi-modal options, cost, calorie burn, CO2 output & cost savings)

**All in one place, in full detail!**

## How can this help you?

1. Communicates options efficiently when implementing the return to work with the tools multi-functions;
  - 1-to-1:** send a concerned employee their plan
  - Widget:** employees access this via internal webpage
  - Bulk upload:** the organisation delivers plans to workforce
2. Further personalisation enabling clear, concise and consistent organisation travel information to the workforce
3. Quantify commuting behaviours by enabling the travel survey
